

Join the

Fibre Box Association

The corrugated packaging industry's most trusted voice.

FIBRE BOX ASSOCIATION®

Join Fibre Box Association (FBA).

The Fibre Box Association (FBA) is a non-profit trade association that represents North American corrugated packaging manufacturers and strives to grow, protect and enhance the overall well-being of the industry by providing member-valued programs and services.

FBA provides services and benefits to its members that can't be found anywhere else. At FBA there are three core areas of membership benefits - data services, issue management and networking.

Three Core Areas of Member Benefits.

Data.

Issues.

Connections.

Relevant Data

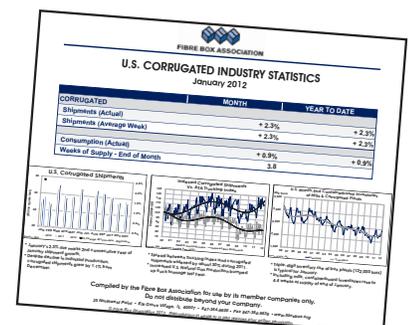

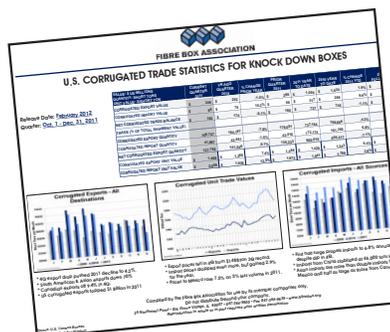

Data Services have long been a hallmark of the association. Since our founding in 1940, FBA has provided the corrugated industry with meaningful data on shipments, containerboard production, consumption and inventory. Monthly data coupled with valuable benchmarking reports put all of the industry's relevant data at your fingertips.

FBA compiles the most complete and useful statistical information available anywhere. The more you know about the industry, the better you're able to compete in it. Data services available to FBA members include:

- **U.S. corrugated industry shipments** according to numerous metrics
- **Economic data** that provides important insight to the market fluctuations in corrugated production and sales
- **Corrugated trade statistics** and analysis
- **Labor information** including wages, benefits and policies offered by other companies in the industry
- **Benchmarking data** on key performance indicators and operating ratios
- **Productivity and waste statistics** to help you compare your own company's efficiency against others'
- **Injury and illness statistics** for the industry
- **Directory** of North American corrugated plants

“ I can't afford to make bad decisions. With the data and information I receive from FBA, I have the tools to help me make the best decisions for my company and it's operations.”

President/CEO, Regional Independent Corrugator and Sheet Plant Group (FBA member since 1953)

Expanded Voice

Through our organization of standing committees, FBA works to identify, understand, prioritize and address key issues that impact our industry. **Issue Management** ranges from technical to environmental, safety and health to communications. FBA committees bring together the knowledge, resources and expertise needed to establish industry positions and proactively address common challenges. Member companies, large and small, equally benefit from participation.

- **Data Services Committee**
- **Safety and Health Committee**
- **Technical Committee**
- **Environmental Committee**
- **Independent Committee**

“ It doesn’t matter how large or small your company is. FBA’s committee work has protected industry demand, and that benefits everyone.”

President, Independent Corrugator Group
(FBA member since 1969)

“ I return from FBA meetings outfitted with information on equipment, products and markets to help me with capital decisions and the day-to-day running of my business.”

President, Independent Sheet Plant
(FBA member since 2003)

Smarter Connections

Networking is what connects us. It’s more than events. It’s a continuous dialogue that we share with our members, consumer goods manufacturers and retailers about our common interest in corrugated packaging. Think of FBA as your clearinghouse of contacts and ideas. We help you make the right connections, in person and online throughout the year. Share ideas, challenges, opinions, and more.

Our popular events offer members a variety of business insights while getting to know each other in off-site venues.

- **The FBA Annual Meeting** offers speakers and discussions on current business issues, committee meetings and social events
- **The FBA Executive Conference** includes program content focused on business and strategic issues, and is open to senior executive managers from all member companies.
- **The FBA Corrugator Conference** focuses on the operation and production issues associated with running a corrugator. This more technical conference is appropriate for anyone interested in corrugator operations and production.

It’s Easy to Become a Member.

Any individual, partnership or corporation engaged in the production of corrugated products in North America is eligible for FBA membership. Simply complete and return the membership application found at www.fibrebox.org. Then start taking advantage of all we have to offer including these added perks:

- ◆ **Access to an exclusive members only section of the FBA website** filled with key data, reports, technical FAQs and statistics
- ◆ **Monthly industry updates** through the FBA Report newsletter sent directly to your e-mail inbox.
- ◆ **Select member prices on key industry references** including the Fibre Box Handbook
- ◆ **Registration opportunities** for exclusive networking events
